Go grab a coat and let's go out for a ride  
I'll be your valentine, make it worth your while  
Some days seem gloomy, but not when you're with me  
I know your trust, don't come easy, but I want you know

I can never, break your heart  
I can never, break your heart  
I can never, break your heart

I want you, I want you, I want you, I want you  
I need you, I need you  
Oh, baby

Was there somebody, who treated you so bad  
Were you a puppet, you just couldn't detach  
I'll make it easy to feel like, you could love  
I know your trust don't come easy, but I need you to know

I can never, break your heart  
I can never, break your heart  
I can never, break your heart

I want you, I want you, I want you, I want you  
I need you, I need you  
Oh, baby

I want you, I want you  
I need you, I need you  
I want you, I want you  
I need you  
Oh babe

I can never, break your heart  
I can never, break your heart  
I can never, break your heart

I want you, I want you, I want you, I want you  
I need you, I need you  
Oh, baby

# Don't Be So Rude

Said it once before but I know, you wasn't ready to say it back  
Sorry if my brain moves faster, than your heart knows to react  
Here I go and spoil it all, by saying stuff like that  
But really I do, love you

Don't be so rude  
(And tell me that you love me)  
What can I do  
(You need to tell me something)  
You need it, too  
(But you keep hesitating)  
This might be rude  
(I'm tired of bein' patient)

Can't you see, your body is telling the secrets, you wanna hide  
You're no good at lying, I can see it in your eyes  
Teasing me, with words you think might go right to my head  
But really, I do love you

Don't be so rude (tell me that you love me)  
What can I do (You need to tell me something)  
You need it too (But you keep hesitating)  
This might be rude (I'm tired of bein' patient)

And if our love moves, too fast  
And we can't keep our cool  
I might go overboard  
Go lifeboat, to get some room  
But if we take on water  
know I'll stick by you  
Of course, I'll stay the course  
If you love me, like I do you

Might be rude

Don't be so rude (tell me that you love me)  
What can, I do (You need to tell me something)  
You need it, too (But, you keep hesitating)  
This might be, rude (I'm tired of bein' patient)

Oh baby, please

# Troublemaker

I just stay by your window as the wind blows  
You blow me away  
I just pray that your kinfolk don't think we sinful  
I know what they say

Girl you know that I'll take the heat for you  
Your folks, don't think I try  
I think, that you like the fact they hate my tattoos  
And they think, I'm always high

I, know you're no angel  
We're both on the same road  
We're driving through daygo  
You, got me I got you  
Know nothing could stop you with me by your side

I just stay by your window as the wind blows  
You blow me away  
I just pray that your kinfolk don't think we sinful  
I know, what they say

I try (I try)  
And I try (I try)  
You know I know you like what you think they don't like  
I try (I try)  
And I try (I try)  
They don't know, what I know, she makes trouble all night

I know you're no angel  
We're both on the same road  
We're driving through daygo  
You, got me, I got you  
Know nothing could stop you with me by your side

I just stay, by your window as the wind blows  
You blow me away  
I just pray that your kinfolk don't think we sinful  
I know, what they say

It could be, so simple  
Your teeth, in your pillow  
We both need a place, to stay  
I just stay by your window  
As the wind blows  
You blow me away
